Christopher's practice focuses on competition law, EU law, public law, commercial law and sports law. He has been involved in some of the leading competition law litigation in the English courts in recent years, notably the long-running interchange fee litigation, and is ranked as a leading junior in this field in the major directories.

Before coming to Matrix Chambers in 2009 Christopher served as a Referendaire (Legal Secretary) to the UK Competition Appeal Tribunal (CAT), where he assisted the Tribunal panels in the management and resolution of cases. Whilst at the CAT, he gained unique experience of the competition law enforcement regime in the UK and handled numerous high-profile appeals. He then became the sole competition practitioner at the law firm Farrer & Co LLP, where he advised clients across the firm.

Since joining Matrix, Christopher has appeared domestically in the Supreme Court, Court of Appeal, High Court, CAT, Upper Tribunal and Employment Tribunal. He has also acted for the European Commission in proceedings in the General Court of the European Union. Christopher was shortlisted for Competition Junior of the Year at the 2016 Chambers UK Bar Awards.

Christopher is a Visiting Fellow at the Dickson Poon School of Law, King's College London, where he co-convenes the LLM course in UK Competition Law. He used to teach EU law at King's College London. He writes and lectures frequently on all aspects of competition and general EU law, and has carried out training of competition agency officials in West Africa and Turkey. He is a past UK rapporteur for the Biennial Congress of the Fédération Internationale de Droit Européen (FIDE).
